

BETWEEN DEVIL  
AND DEEP SEADeseret Dramatic Syndicate Is  
Puzzled Over Corianton Tangle.

## WHO IS THE REAL MANAGER?

THATCHER IN POSSESSION, BUT  
IMHAUS WANTS SALARY.

With Manager L. A. Imhaus demanding that he be reinstated as director of affairs of "Corianton" or sold for the unexpired term of his contract, and George W. Thatcher holding the office of manager and enough mortgages on the properties to sink it in Great Salt Lake, the Deseret Dramatic syndicate is between the frying pan and the fire.

A whole lot of sizzling is the result and unless some kind of an amicable settlement is made, a still warmer time is promised.

Mr. Imhaus says that things are not what they seemed when he left New York to take the management of "Corianton." Instead of the syndicate owning the play and properties, as he claims he was led to believe, he finds that Mr. Thatcher holds a mortgage on the scenery that he can foreclose at any time an effort is made to put him out of the managerial chair, and thus stop the procession. Now Mr. Imhaus says that two men in a pilot house would run any ship a-ground, especially on the management of it. He must handle the wheel alone or he wants his pay, and then he is willing to clear the deck.

The syndicate has to play checkmate to him, and they are jumping on both sides and they are holding daily sessions to study their best move.

When Mr. Imhaus came to the city a few days ago he placed an ultimatum in the hands of the syndicate, and since then things have been developing rapidly. They threaten to develop still further. The situation is this:

## When Thatcher Butted In.

When the company met with financial distress in Butte because, as Mr. Imhaus claims, Mr. Thatcher refused to send money that belonged to the company and was on deposit as an expense fund, Mr. Imhaus came here to present the matter to the syndicate, and Mr. Thatcher went to the company and assumed the management of it. Mr. Imhaus holds a contract with the syndicate as manager of the company until June, but Mr. Thatcher is doing the managing, and Mr. Imhaus and the syndicate are trying to figure out what is to be done to keep peace all around.

"When I took the management of the company," said Mr. Imhaus, "I made a contract with the syndicate to act as manager until June, with the option of renewing the contract at any time should it be agreeable all around. A clause in the syndicate's contract states that they are the owners of the production and the properties, and they are the management with this understanding. Since coming here, though, I have learned that Mr. Thatcher's mother advanced so much money to the syndicate that she had to be secured by a mortgage on the scenery, and Mr. Thatcher holds this mortgage, which virtually makes him owner of the scenery, for he could foreclose the mortgage at any time and take the scenery away from us."

Yesterday the board of directors of the syndicate held two meetings to consider the affairs of the ill-fated "Corianton," but up to last night no definite action had been taken. It is probable, it is said, that Mr. Thatcher will be called before the syndicate to explain his side of the affair.

The directors last night promised to give Mr. Imhaus a final answer Thursday. It developed during the meeting that several telegrams had been sent to Mr. Thatcher in regard to the situation, but that none had been received. The directors will make an effort to communicate with him before giving their final answer to Mr. Imhaus.

## LENT BEGINS TODAY

Ash Wednesday to Be Observed  
With Services in Catholic and  
Episcopal Churches.

The Lenten season opens today, and for the next forty days communicants of the Catholic and Episcopal churches will forego all social functions. From now until Easter Lenten services will be held almost daily in the various churches of both denominations. Today is Ash Wednesday and the season of fasting and abstinence from social pleasures will be opened with appropriate celebration.

At St. Mary's cathedral mass will be celebrated at 8 o'clock this morning and services will be held this evening. The season will be observed with appropriate services in all the Catholic institutions of the city. Each Wednesday and Friday evening from now until Easter will be observed with special services at the cathedral.

In the Episcopal churches of the city similar services will be held. At St. Mark's cathedral holy communion will be celebrated at 8 o'clock this morning. At 10 o'clock the order of services will be: Litany, penitential office, holy communion and sermon by Dean Eddie. At 7:30 in the evening Dean Eddie will deliver a sermon. Services will be held in the cathedral each evening, except Saturday and Monday, from now until Easter.

At St. Paul's church services will be held this morning and Sunday.

## INSANITY THE DEFENSE.

Butte, Mont., Feb. 24.—The trial of James Cusick, charged with the murder of Thomas Baggs last June, began today. Insanity will be the defense, Cusick, it is alleged, being insane after he had been thrashed by the latter.

## WHY STAY PALE.

A pity to see pale girls stay pale and dull when it is so easy to get Scott's Emulsion.

One of the best things Scott's Emulsion does is to give rich blood to pale girls.

The result of regular doses of Scott's Emulsion is an increase not only in the red color of the blood and in the appetite but in the good looks and bright manners which are the real charm of perfect health.

WILL RIVERO  
GRANDE OFFICESForce in the Traffic Department  
to Be Further Reduced.

## DEWEY'S OPENING AT NAMPA

APPEARANCE OF E. BUCKINGHAM CAUSES COMMOTION.

If reports are true, it will be but a short time before the remainder of the offices in the traffic department of the Rio Grande will be moved to Denver. A prominent railroad man, who has lately returned from Denver said yesterday that such a plan is on foot. The move would be no surprise to the local public. Ever since the headquarters of the Rio Grande Western were moved to Denver the few departments remaining have followed until now the force here is reduced to a comparatively small one.

The force, however, is still larger than it is claimed the company needs at this end. The object is to have the traffic department represented here by one commercial agent, who will have charge of the traveling freight agents the same as is done in the case of the other companies which have offices here. Such a move has been expected and the change has been prophesied from time to time so that the public has become reconciled to the possibility.

## Indicates Would Merger.

The change would, it is understood, involve all the traffic department offices, including the treasurer's office, and would result in the reduction of considerable clerical help. This move, however, only preliminary to what is believed to be the eventual consolidation of the entire Gould systems. This possibility has been paraded in the papers upon numerous occasions of late, and the reports have invariably had their source in New York City. The plan involves the merging of the eastern and southern Gould lines as well as the Missouri Pacific and the Rio Grande systems.

The change is one that is expected, and several well-known railroad men in the dispatches from New York that a plan with this end in view had already been consummated. When the details are finally carried out, it is probable that the various railroad systems in which Gould is a controlling influence will be operated from St. Louis, as this would be a central point and would mean an enormous reduction in the cost of operating expenses.

## WINE AND REVELRY.

Nampa's Hotel Was Opened With  
Feasting and Dancing.

The railroad representatives who were present at the opening of Colonel Dewey's palatial hotel at Nampa have returned and recovered sufficiently to describe the splendor of the event. One of the men said yesterday:

"Nothing like it had ever happened in Nampa. Nothing like it had ever happened anywhere else. I wish you could have been there. I wish every one in Salt Lake could have been there. All the rest of the world was on hand. They fed about 500 people at a time. The banquet was a gorgeous affair. Flowers, and they feasted until 4 o'clock. I wish you could have been there. There were so many to feed that some did not get any. Every guest had a quart bottle of wine put beside his plate when he sat down, and waiters kept the glass full. I wish you could have been there."

"Barrel after barrel of fine old Kentucky goods was tapped. The rooms were gorgeous. Fine pianos are everywhere, and beautiful music. Christensen's orchestra furnished music for dancing, and the people came from everywhere. There was a crowd of 600 from Boise alone. All the rooms were furnished in brass. Brass chandeliers, brass chandeliers, brass stands and brass everything."

"The hotel has its own plant and the rooms are divided with light. I wish you could have been there. I went to my room about 4 o'clock. The bed was filled with wine bottles. When I went to bed the orchestra was still playing for the dancers. I could hear the music. Somewhere from the basement came the hum and the click of the balls and the nine pins in the bowling alley. I wouldn't have missed it for anything. I wish you could have been there."

## TRAINMEN HOLD OUT.

Will Settle With Santa Fe and Then  
With Rio Grande.

Topeka, Kan., Feb. 24.—Further conferences were held between the officers of the Santa Fe and the trainmen, but no settlement of the wage problem was made. It is rumored that today the company announced it was willing to grant an advance of 15 per cent in the wages of conductors and trainmen. This was refused by the men, who are holding out for a 20 per cent increase. After the differences here are settled it is the plan of the national officers of the trainmen's organization to confer with the Denver & Rio Grande management with the object of obtaining an increase in wages there.

## May Stop Over.

Topeka, Kan., Feb. 24.—The Rock Island announces that holders of excursion tickets to California may have the privilege of stopping over in as many towns as they may wish during the trip. This concession will last throughout the life of the ticket.

## One New Director.

New York, Feb. 24.—The annual meeting of the stockholders of the Denver & Southwestern Railroad company was held in Jersey City today. The old director, except P. Cheney, who was succeeded by J. W. Hurlburt, was re-elected. President Gilbert's report showed a deficit of \$129,000 for the year ending Nov. 30.

## Buckingham In Town.

The appearance in this city yesterday of E. Buckingham was the occasion of comment in railroad circles. It was believed that his visit had something to do with the strike on the Union Pacific and all sorts of stories were afloat. At some other time a visit from Mr. Buckingham would have occasioned but passing comment. He is one of the men who were prominently mentioned as the probable successor of General Manager Dickinson. He is the superintendent of transportation and a man who was prominently mentioned as the successor of President Burt. Officials of the Oregon Short Line stated yesterday that his visit to this city had no significance. He was in Ogden and ran down to make the officials a friendly call.

## Railroad Notes.

L. L. Downing of the Oregon Short Line has returned from a trip east. F. E. Lewis, superintendent of the dining car service of the Oregon Short Line, was in the city yesterday.

W. J. Ridd, traveling passenger agent for the Rio Grande, has returned from a trip over the northern lines. Charles Pruitt, traveling agent for the Burlington, has returned from a trip in the northern states.

Officials of the Oregon Short Line state that nothing will be done this year with the St. Anthony branch extension.

HOUSING JUSTICE  
LAW NOW IN VALIDJudge Stewart Declares City  
Provisions Unconstitutional.

## EDLERSAVED FROM CONTEMPT

THOMAS ROSCAMP SCORES POINT  
AGAINST FORMER WIFE.

The new justice of the peace law is unconstitutional in the opinion of Judge W. S. Stewart. He so decided yesterday when he overruled the demurrer of the defendant in the complaint in the action of B. M. Edler vs. J. L. Edler. The case involved the collection of a \$20 promissory note, with interest, aggregating \$30.25.

The new law consolidated the five old justice of the peace districts of Salt Lake City into one, which is presided over by one justice. His jurisdiction extended only to cases where the amount of judgment did not exceed \$10. The action in question was brought in Justice Clark's court, who found for the defendant in the sum of \$30.25. An appeal was taken to the district court. The defendant demurred to the complaint on the grounds that Justice Clark, under the new law, had no jurisdiction. Judge Stewart overruled the demurrer, holding that Justice Clark did have jurisdiction, which ruling is to the effect that the new law is unconstitutional. ## BOS CAMP GETS RECEIPTS.

Scores Point in Dispute With His  
Former Wife.

Pending the settlement of the question of ownership to a suit of household effects, including a piano and other articles valued at \$1,000, which are claimed by Thomas Roscamp and his divorced wife, Henrietta Roscamp, the former is to have the possession of the storage receipts for the goods. When the milking man secured his divorce he was also given the household effects of his home. When Mrs. Roscamp took her departure, she carried with her the articles in question, which she placed in storage. Roscamp cited her for contempt, and she was ordered to appear before Judge Hall yesterday. The matter was not determined then, but until it is decided, it is to keep the storage receipts in his possession.

## EDLER HAS NARROW ESCAPE.

Judge Hall Saves Him From Judge  
Tanner's Punishment.

Judge Hall yesterday saved Attorney A. B. Edler from being committed to the county jail for being in contempt of Judge Tanner's court, by issuing a writ of certiorari, compelling the latter judge to certify the case up to the district court for being in contempt. The hearing is set for this morning.

Edler secured judgment from a client for about \$160. After the money had been paid to him, Judge Tanner ordered Edler to pay it over to the court. He refused to do this, and was adjudged in contempt. Upon his being unable to take an appeal from the order, he secured the writ from Judge Hall. That secures the contempt proceedings pending the decision of Judge Hall as to whether the writ shall lie or not.

## MRS. STEIN WANTS DIVORCE.

Real Estate Man Is Sued by His  
Wife.

Clara P. Stein has brought an action for a divorce against August Stein, the well-known real estate broker. At one time he was an employee in the county recorder's office. The grounds for the divorce are not known, as the attorney employed by Mrs. Stein took the papers from the clerk's office as soon as they had been filed. Efforts to find him yesterday proved unavailing.

## Mrs. Meilstrom Gets Divorce.

Judge W. C. Hall yesterday granted C. L. Meilstrom a divorce from Antonia Meilstrom on the grounds of non-support. The woman was awarded \$50 a month for her child, and \$10 per month alimony for the support of their child. Mrs. Meilstrom swore that her husband deserted her on Aug. 12, 1902.

## Sues Smelter Trust.

M. D. Durrant has brought suit against the American Smelting & Refining company to recover \$1,000 damages for personal injuries. Durrant says he fell through an opening in the floor of one of the buildings at Murray, and received serious injuries. Negligence on the part of the company in having the opening unprotected is the ground upon which the suit is based.

## Court Notes.

Judge W. C. Hall announced yesterday that he would hear the case of Margaret J. M. Young yesterday. Margaret J. M. Young yesterday petitioned Judge W. C. Hall to appoint Ester Moore, Edgar and Arthur Moore, administrators of the estate of Christine C. Moore, deceased. The hearing will be held Friday, March 13. The deceased left an estate valued at about \$4,000.

## WOULD PREVENT TRUANCY

PLAN UNDER DISCUSSION FOR  
GIRLS OF FREMONT.

The girls in the upper grades of the Fremont school will soon all be dressed alike if the proposed plan of Principal David A. Nelson succeeds, and he has every reason to believe it will. It is his desire to have those girls attend school attired in a neat, but at the same time becoming, blue dress or uniform. They will be expected to wear it on days when they attend school. After school is out they are at liberty to return home and change their uniform for any dress or gown which they see fit to wear.

In some of the most advanced schools in eastern cities such a rule is in force, and it is said to work admirably. The next appearing uniform not only prevents girls' parents from being a certain school, but is a member of a particular grade. It has a tendency to prevent truancy, a girl seen on the streets during school hours wearing that uniform is subject to the suspicion that she has remained away from her school. The uniform also prevents girls' parents from being a certain school, but is a member of a particular grade. It has a tendency to prevent truancy, a girl seen on the streets during school hours wearing that uniform is subject to the suspicion that she has remained away from her school.

The matter of adopting the uniform has been submitted to the parents of the upper grade pupils of the Fremont school, and reports on the views of the parents will be made today to Principal Nelson.

## FOR TEACHERS' PENSION

Representative Done Will Intro-  
duce Bill Today—Clause Pro-  
tects Instructors' Jobs.

A bill will be introduced in the house today by Representative Done, by request, empowering boards of education in cities of the first and second class to provide a system of pensions and sick benefits for aged and disabled teachers.

On the request of two-thirds of the teachers of a city such a corporation formed, under the terms of the measure, its control is vested in a board of trustees of nine members, composed of the superintendent of the school, four persons chosen by the board of education and four by the teachers. When such an organization is formed it shall become the duty of the board of trustees to deduct from the salary of every member of the association a sum not to exceed 1 per cent. One of the most important sections of the bill makes the following provision:

"No member of this association who has been in the employ of the board of education three years shall be discharged or fail to be re-elected by said board except upon a majority vote of the entire board of education, and that after full and fair hearing has been accorded to the teacher."

The introduction of the bill by Representative Done is the result of the steps taken by the Salt Lake teachers to form such an organization in this city. It has been under consideration for some weeks, and meets with the general approval of the teachers and principals of the schools. At a meeting of the teachers, to be held this afternoon in the West Side High school at 4 o'clock, the articles of incorporation of the Salt Lake Teachers' Mutual Benefit association will be discussed.

## ART EXHIBIT PLANS.

## NOT RECOMMENDED FOR EVERYTHING

But if You Have Kidney, Liver or Bladder Trouble  
You Will Find the Great Remedy, Swamp-  
Root, Just What You Need.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorders of these most important organs. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fall to do its duty.

If you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

## Doctors Prescribe Swamp-Root.

Gentlemen—"I have prescribed that wonderful remedy for kidney and bladder complaints, Dr. Kilmer's Swamp-Root, with most beneficial effect and know of many cures by its use. These patients had kidney trouble, as diagnosed by other physicians, and treated without benefit. Dr. Kilmer's Swamp-Root effected a cure. I am a liberal man and accept a specific wherever I find it, in an accepted school of medicine. I have seen cases of kidney or bladder complaint, severe cases of kidney trouble, which I have treated with unsatisfactory results, I turn to Dr. Kilmer's Swamp-Root, and the flatting results. I shall continue to prescribe it and from personal observations state that Swamp-Root has great curative properties."

L. BARSTOW IRISH, M. D.,  
276 9th St., Borough of Brooklyn, N. Y.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, and if permitted to continue much suffering with fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable; makes you pass water often during the day and obliges you to get up many times during the night. Unpleasant kidney causes rheumatism, gravel, stiffness of the bladder, pain or dull ache in the back, joints and muscles; makes your head ache and back ache, causes indigestion, stomach and liver trouble; you get a sallow, yellow complexion, makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place it in a glass bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.

No matter how many doctors you may have tried—no matter how much money you may have spent on other medicines, you really owe it to yourself to at least give Swamp-Root a trial. Its staunchest friends today are those who had almost given up hope of ever becoming well again. If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root—Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## SAMPLE BOTTLE OF SWAMP-ROOT SENT FREE BY MAIL.

EDITORIAL NOTE—If you have the slightest symptoms of kidney or bladder troubles, or if there is a trace of it in your family history, send at once to Dr. Kilmer & Co., Binghamton, N. Y., who will gladly send you by mail, immediately, without cost to you, a sample bottle of Swamp-Root, and a book containing many of the thousands upon thousands of testimonial letters received from men and women cured.
